

Definition

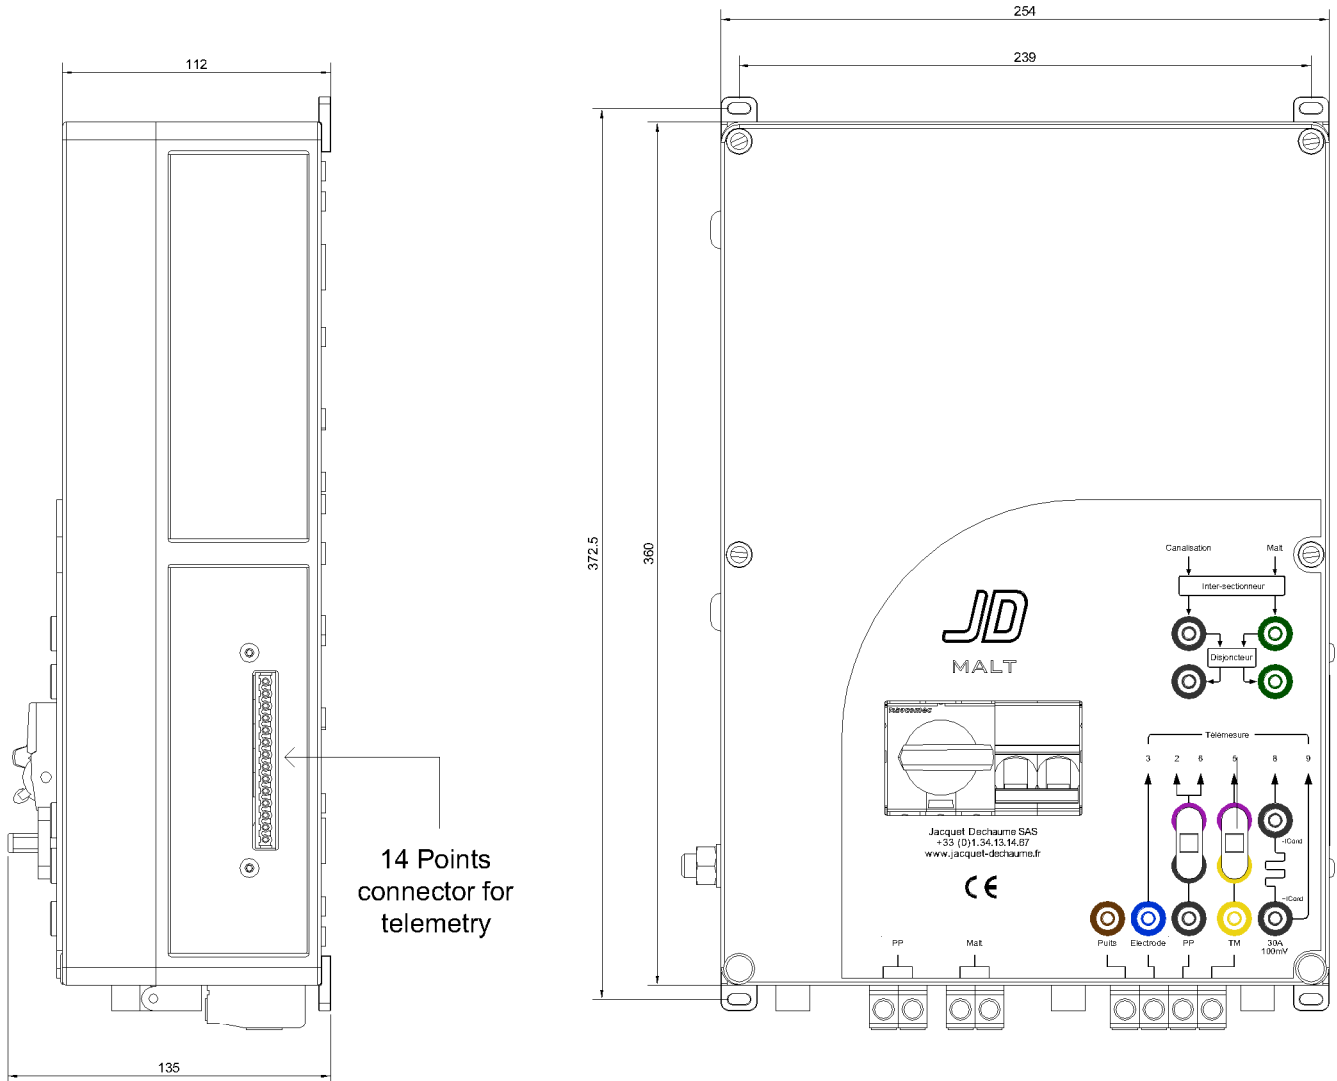

Electrical filter box for grounding (MALT)

Reference

11-100-01

Implantation

For casing BC160

- Lockable power disconnect switch
- Power protection by a 32A circuit breaker curver
- Filter AC 2x100000µF
- Measurement plug CEI61010 - Ø4mm
- Terminal block 16mm²

Current : 20A maximum for U-Clipe
Current in the filter : 30A - 60V maximum

Wiring / Telemetry
